4 November 1975

MEMORANDUM FOR: Office of Legislative Counsel

ATTENTION: [REDACTED]

25X1

The following questions were asked by Mr. Michie:

1. What drug was considered for human testing under a CIA contract with [REDACTED]?

EA 3167, a compound of the glycolate class.

2. When did CIA become aware of this drug?

Our records show that an employee of ORD reported on the drug and [REDACTED] tests to Chief of his Division in June 1970. The ORD contract with [REDACTED] which anticipated human testing was approved in the first quarter of 1971.
